Dog attack update

“Initial enquiries indicate that the dog escaped from the owner’s property and proceeded to vicinity of Saumarez Park.

“Initially we were led to believe it was in the rear car park to Saumarez Park. The attack took place in Ruelle de la Tour, Castel.

“After attacking a dog and three people, the dog was restrained by members of the public in Ruelle de la Tour. Upon the advice of the States vet, firearms officers dispatched the dog to neutralise the threat it posed to the public and first responders. We remain in contact with the owners and there have been no arrests.”
