Matthew Bourgaize Search Update

To date we have received more than 150 calls from the public in relation to the search. We want to thank everyone for their help and for taking the time to call and tell us their information.

Officers are continuing to pursue lines of enquiry and we have had one person come forward who believes they may be the male we appealed for in our Wednesday update.

We would like to ask members of the public to call us immediately if they believe they have a sighting of Matthew, as we may have officers in the area who can respond. Sometimes people are waiting until the next day to call us, and although the information is useful, the more timely it is, the better.

Please don't leave comments on our Facebook page saying you've seen him, as it is not monitored 24/7. Calling JESCC on 725111 is the most efficient and effective way to get information to us.

Familiarise yourself with the attached picture and contact us with any information you may have – let us decide how valuable that information is, don't keep it to yourself.

The search remains active.
