

BAILIWICK OF GUERNSEY LAW ENFORCEMENT

19th September 2019

Last month the Guernsey Police's Diversity Liaison Officer, Kieran Walsh, was invited to the National Police LGBTQ+ Network event in Cardiff. This conference welcomed the attendance of Police staff from across the UK and offered workshops on 'Minorities Within A Minority', 'Creating the Environment', and 'Challenging Perceptions'.

DC Walsh said: "It was a fantastic experience to visit the event in Cardiff and hear the latest advice and information first hand from officers across the UK. This allows me to ensure Bailiwick Law Enforcement is at the forefront of best practice. I have come back with plenty of ideas on how to further enhance our polices on how to show the utmost respect for this section of our island communities."

This event tied in with the Cardiff 'Pride' celebrations and DC Walsh walked the Police parade alongside hundreds of other Police colleagues in the UK.
